

Manitoba Masters Aquatic Club

Notice to membership regarding club fees in light of COVID-19 shut down

The board has passed a motion to [provide members with a credit towards their 2020/21 swim registration](#) in value equal to the unused portion of the 2019/20 membership due to COVID-19 shut down.

For example - if the pool doesn't reopen until the fall, an individual who purchased an entire 2019/20 swim year at the start of the season would receive a credit towards their 2020/21 registration fee matching the value of five & a half months of their 2019/20 membership (March 17 through August).

Refunds will be available, minus the \$50 non-refundable fee, upon request only. [Requests must be made electronically to mmacswim@gmail.com](mailto:mmacswim@gmail.com) prior to May 15, 2020. COVID-19 related refunds will not be issued for requests received after that date.

Please stay tuned for a separate email in the next week regarding our 2019/20 AGM.

Stay Safe,
MMAC Board of Directors

About MMAC - a not-for-profit, volunteer board run organization

www.mmac.mb.ca

Club goal – development and support of an adult swim program that involves fitness, strength and flexibility training as well as learning sport specific technical skills

Club members – 18 years & older swimmers, who are confident enough to swim at least 100m comfortably. No previous competitive background is necessary, the most important prerequisite is the desire to improve.
